

Louden, Thomas Richardson

Students' Administrative Council

Oct 1915-Jan 1916
(142)

October 8th, 1915

Professor T. R. Loudon,

President, Students' Council.

Dear Professor Loudon:

I have a note from the Bursar reminding me that an advance of four hundred dollars was made to the Students' Council as a guarantee towards the publication of the special war number of "Varsity". He is very anxious to have the matter wound up, and would like to have the guarantee repaid as soon as possible, inasmuch as the special issue has been such a financial success. Will you kindly look into this matter and oblige,

Yours sincerely,

President.

Dear Mr. President: re Students' Council Finances

As requested by you I have asked our Secretary to make up a detailed statement of the financial situation for the coming year. Unfortunately, I did not understand that you wished these figures for today, and as I cannot locate Mr. Grant before the Caput meeting, I shall have to give you the figures from memory.

From the balances of the "Varsity" "Torontonensis," and the Students' Directory, the Council was able last year to pay off all its indebtedness and still retain a slight balance for the operations of the coming year.

During the summer a special "War Supplement" of the Varsity was published and a balance of in the neighborhood of Two thousand dollars (\$2,000.00) is at present in our hands; but, we hope to turn this over very shortly to the Base Hospital Fund.

During the summer Mr. Hayes enlisted and the Executive of the Council has recently appointed Mr. Grant to take his place. This appointment is subject to your approval and it is understood that the appointment may be terminated at the end of 1915 should the financial situation make this necessary. The salary agreed

upon was Seventy-five (75.00) Dollars per month.

With reference to the "Varsity," 1915-1916, I may say that we have in the neighborhood of Sixteen Hundred (\$1600) Dollars worth of advertising, which by itself will carry the paper for over 35 issues. It was found necessary to slightly enlarge the paper in order to provide space for the increased advertising. We expect to have over Two thousand (\$2,000) Dollars worth of advertising before the end of the year. The amount of advertising at present in our hands is equal to the total advertising obtained throughout last year. To this advertising will be added a proportion of the proceeds from the Two dollar fee. We think that in the neighborhood of Twelve hundred (\$1200.00) Dollars will be turned over to the "Varsity" from this source. With these figures representing the present situation, the "Varsity" seems to have sufficient funds to pay for the entire year.

As to the "Torontonensis," we have not yet received sufficient data on the sizes of the graduating years to enable us to accurately size up the situation. We hope to have these figures during the course of next week.

Trusting that this information will meet with your requirements,

I am,

Yours sincerely, *Thos. P. Laudon.*

Dear Mr. President: re Four Hundred dollar advance

In reply to your letter of the 8th instant I may say that we hope to be able to have the matter of the Four hundred dollar advance from the Board of Governors ready for adjustment within the next week.

I am not quite certain; but, I think a tentative arrangement was agreed upon with reference to the Council distributing a copy of the "Varsity War Supplement" to each subscriber of Five (\$5.00) Dollars or over to the Base Hospital Fund. I would be very much obliged if you would let us know whether this was to be taken out of the Four hundred dollar advance or was to be provided for otherwise.

Yours sincerely,

Thos. R. Laidoor.

Professor T. R. Loudon,

President, Students' Council.

Dear Mr. Loudon:

Will you please get your Secretary to send me a bill setting forth the number of copies of the war issue of Varsity which were sent to subscribers to the Hospital Funds in order that I may lay the matter before the Board at its next meeting?

Yours sincerely,

President.

Dear Mr. President:-

Last September Mr. C. C. Grant, was appointed to the position of General Secretary of the Students' Administrative Council. The appointment by the Caput was dated to the end of the Fall Term to provide against the possibility of financial consideration making the reappointment of Mr. Grant inadvisable.

At a meeting of the Executive of the Students' Administrative Council held this afternoon, it was decided to respectfully recommend that the Caput reappoint Mr. Grant to the position of General Secretary for the balance of the year ending September 15th. 1916.

Yours very truly,

THE STUDENTS' ADMINISTRATIVE COUNCIL.

Thos. B. London.
